The VTC is dedicated to creating an engaging and stimulating learning environment for students to pursue quality and relevant vocational and professional education and training. A recent example is our newly established training facility at IVE (Sha Tin) named “We Park”. The Park was officially opened on 11 November 2022, with Under Secretary for Education, Mr Jeff SZE, officiating at the Opening Ceremony as Guest of Honour.

With 13 outdoor play zones, the 15,000-square-feet “We Park” is specifically set up to provide a play-oriented training venue for students of the Childcare, Elderly and Community Services Discipline to learn new knowledge, acquire practical skills and gain authentic experience of play education for children.

All nine IVE campuses were purpose-built with industry standard facilities to groom students into professionals in their chosen fields. Among them, IVE (Sha Tin) is well-equipped to serve as the cradle for nurturing future-ready talents for the childcare, elderly and community services industries. In addition, IVE (Sha Tin) also offers specialised training in Health and Life Sciences, Business, Engineering, and Information Technology fields, grooming talents for related industries.
