VTC welcomes new students and launches new programmes as the new school term commences

政府积极推动职业专才教育发展，并将香港打造成为国际教育枢纽，为各行各业培育人才。配合政府的发展方针，VTC致力完善职专教育进阶路径，为学生提供更多升学选择。

## 迎新活动助新生适应新学年

迎接新学年，VTC各院校于8月底举办迎新活动，为新生提供校园信息，向他们介绍各项学生活动及服务。除本地生外，VTC这学年亦迎来约700名非本地生入读高级文凭课程，以及约170名非本地生入读香港高等教育科技学院（THEi高科院）的学士学位课程；当中，超过八成来港修读高级文凭课程的学生修读「职专毕业生留港计划」（VPAS）合格的VTC全日制高级文凭课程，毕业后可申请留港从事与课程相关的工作，发展专业。

为协助非本地生适应新学习环境，投入校园生活，院校除在迎新日安排校园参观、介绍学校信息和支持服务外，亦安排一连串活动，包括广东话和英语工作坊、本地游及小区导览、适应交流会等，促进学生交流，建立人际网络，全方位照顾学生身心健康。VTC不仅提供先进的校园及学习设施，亦设有学生宿舍，让非本地生可使用宿舍住宿服务，体验丰富多采的宿舍生活。

The Government attaches great importance to promoting vocational and professional education and training (VPET) and developing Hong Kong into an international education hub, aiming to nurture versatile talents to support industry development. In line with the Government initiatives, VTC is committed to enriching the VPET pathways to provide students with diverse study options.

## Welcoming new students with orientation activities

As the new academic year commences, VTC member institutions held orientation activities in late August to welcome new students and provide them with information about campus life and various resources available for students. This year, in addition to local students, the VTC also welcomes about 700 non-local students enrolling in Higher Diploma (HD) programmes, and some 170 non-local students for the bachelor's degree programmes offered by the Technological and Higher Education Institute of Hong Kong (THEi). Among which, over 80% of non-local HD students have chosen the eligible HD programmes under the Vocational Professionals Admission Scheme (VPAS) and would be allowed to stay in Hong Kong and work in professions relevant to their study programmes after graduation.

To help non-local students settle in and get familiarised with the new learning environment, alongside the campus tours and induction talks about support services, other activities such as Cantonese and English workshops, local tours and sharing sessions were also arranged to foster student interactions and expand their social networks. In addition to well-equipped campus and learning facilities, VTC Halls of Residence are also available to provide accommodation for non-local students, enriching their campus life with a fruitful hall experience.

In response to the industry manpower demands, VTC has introduced several new programmes in this academic year, covering various professional areas and levels. These include the Bachelor of Social Sciences in Sports Coaching; Higher Diploma programmes in Pet Care & Wellness, Play-based Learning, and Computer & Data Engineering; Diploma in Foundation Studies in Digital Media Studies; as well as Diploma of Vocational Education programmes in Pet Care & Grooming as well as Music & Media Production. All these programmes are well received by students, showing their confidence in the new VPET programmes, the industries and the career prospects. Moving forward, VTC will continue our wide range of programme provision, cultivating talents to support different industries.
