

LEADING VOCATIONAL AND PROFESSIONAL EDUCATION AND TRAINING

引領職業專才教育

Vocational Training Council (VTC), established in 1982, has always been at the forefront of vocational and professional education and training (VPET).

As a statutory body, we exist within the Hong Kong education system to ensure the skills of the Hong Kong workforce remain fresh. Our mandate to provide VPET is vital in meeting industry needs, and in fulfilling the aspirations of over 200,000 young people and in-service workers who attend programmes across our 14 member institutions every year.

職業訓練局(VTC)於1982年成立，在職業專才教育發展道路上一直走在前沿。

VTC作為香港法定機構，在香港教育體系中肩負重任，致力培育與時並進的專業人才。我們秉承一貫宗旨，提供切合行業發展需要的職業專才教育，透過轄下14個機構成員，每年為超過20萬名年輕人及在職人士開啟機會之門。

Offering Multiple Pathways to Opportunities

At VTC, we focus on students' success, not just in school but also in their future life roles. We provide professional development opportunities, well-equipped facilities and quality teaching as well as supportive environment where students can explore their potential and hone their skills geared to graduation and employment.

We provide flexible study pathways from diploma to degree levels, equipping students with professional knowledge and skills in a wide spectrum of professions.

Many of our training programmes are accredited or validated by professional bodies, with which we maintain links to enhance placement and employment prospects.

多元途徑 造就機遇

VTC竭力協助學生締造成就，推動他們在學業以至未來發展路上取得豐碩成果。我們為學生提供專業進修機會，建立設備完善和教學優良的學習環境，協助他們發展潛能，提升技術及就業競爭力。

我們提供靈活多元的升學途徑，涵蓋文憑至學士學位程度課程，協助學生掌握不同範疇的專業知識和技能。

我們亦與業界伙伴和專業團體合作緊密，多項課程更通過評審及獲得專業認證，為學生開拓更多實習和就業機會。

Developing Skills to Adapt and Succeed

We take an approach that is practical, hands-on and geared to encouraging lifelong learning, so skill sets remain fresh. Our curriculum combines knowledge and skills, an approach we refer to as “think and do”. Students are able to get a taste of the real work world with professional work placements, internships or project-based learning assignments.

We open up a wide range of professional possibilities by bringing in dual-track vocational training that is benchmarked against international standard. With the support from the Government and industry, the VTC Earn & Learn Scheme was launched in 2014 to provide students of different levels with structured classroom learning and on-the-job training. Students can earn a steady income while acquiring knowledge and developing skills to pursue a bright future. We also introduce workplace learning and assessment in our programmes to enhance students’ learning outcomes.

To cater the diverse interests and aspirations of youth, the Vocational Baccalaureate programme was launched in 2018 for Secondary 3 leavers. With the multiple articulation pathways, graduates can pursue further studies at local and overseas universities or at higher education institutes under the VTC.

發展技能 邁向成功

我們著重實務技能培訓，鼓勵終身學習，讓學生時刻掌握最新知識與技術。VTC採用「思考與實踐」並重的教學方針，在教授專業知識的同時也注重技術訓練，並透過行業實習及專題研習，讓學生體驗實際工作情況。

我們參照國際標準，引進雙軌職業培訓制度，為學生帶來更廣博多樣的專業學習機會。在政府和業界的支持下，VTC Earn & Learn 職學計劃於2014年推出，為不同程度的學生提供有系統的課堂學習和在職訓練，讓學生學習專業知識及技術的同時，獲取穩定收入，發展專業。我們亦在課程引入職場學習及評核，以提升學生學習成效。

為配合年輕人不同的興趣及志向，我們於2018年推出為修畢初中課程的學生而設的職專國際課程。課程為學生提供多元出路，畢業生可升讀本地或海外大學課程，或銜接VTC院校提供的高等教育課程。

Integrating Technology and Innovation in Learning

In response to the ever-growing demand for skilled IT professionals across diverse industries, we established the Hong Kong Institute of Information Technology (HKIIT) in 2023 to cultivate IT specialists to enhance Hong Kong's competitive advantage in the field of information technology.

Besides, our member institutions make good use of technology and adopt an innovative approach in teaching and learning. Advanced facilities ranging from Electric Vehicles Training Centre, HKDI Virtual Production Studio, Smart City Innovation Centre and STEM Education Centre, HealthTech Centre, Building Information Modelling Innovation Hub (BIMiHub), Media Lab, Innovation and Technology Co-creation Centre, Cybersecurity Centre, IoT Innovation and Technology Centre to CLP Power Engineering Laboratory located at different VTC campuses also provide interactive and co-creation platforms for students to acquire new skills in professional environments and achieve better learning outcomes.

To meet evolving talent needs, we offer a diverse range of programmes and co-creation projects to nurture creativity and innovative problem-solving skills of the young generation.

融入科技與創新 提升學習成效

回應各行各業對資訊科技領域專才的需求，我們於2023年成立香港資訊科技學院，全方位培育科技專才，提升香港在資訊科技領域的競爭優勢。

此外，我們轄下院校善用科技，採用創新教學，並設立先進教學設施，如電動車培訓中心、HKDI虛擬製作錄影廠、智慧城市創新中心與STEM教育中心、健康科技中心、BIM創新中心、媒體研究所、企業共創中心、網絡安全中心、IoT創新科技中心及中電電力工程實驗室等，提供互動共創平台，讓學生在專業的環境下學習，掌握新技能，提高學習成效。

為配合持續轉變的人才需求，我們提供多元課程和共創協作項目，以培育年輕一代的創造力和解難技巧。

Acquiring the Mainland and International Outlook

In addition to offering programmes that cater to industry needs, VTC strives to strengthen our students' competitiveness in the international workforce by polishing their language and communication skills, expanding global horizons and developing sound understanding to national development opportunities.

We set up the Vocational and Professional Education Services (Shenzhen) Company Limited (VPES), VTC's first operation centre in the Mainland, to deepen collaborations with Mainland partners in a bid to expanding VTC students' learning and employment opportunities in the Greater Bay Area. Besides, we offer curriculum choices in collaboration with Mainland VPET institutions to open up more diverse development pathways for students. They are also encouraged to broaden their learning and develop skills through the wide range of experiential programmes and exchange activities we provide.

We welcome students from the Mainland and around the world to admit to VTC programmes. Experts and academics are invited to Hong Kong to conduct lectures and workshops to enrich the learning experience within VTC. In turn, Hong Kong-based students and staff benefit from study and exchange opportunities, gaining fresh inspiration and wider perspectives.

We provide a range of generous scholarships for students, creating opportunities for them to succeed. Students also shine in international competitions showcasing the value and importance of skills to the sustainable development of our society and beyond.

培養內地及國際視野

VTC開辦的課程，不但切合行業發展的需要，同時裝備學生的語言能力、溝通技巧、環球視野及對國家發展機遇的認識，增強他們在國際人力市場的競爭力。

我們已成立內地首個運作中心 - 職專教育服務（深圳）有限公司，深化與內地伙伴的合作，為學生在大灣區締造學習及就業機會。我們並與內地職專院校合辦課程，為學生提供更多元的發展路徑。此外，我們鼓勵學生參與各類體驗項目及交流活動，擴闊學習領域，提升技能。

我們歡迎來自內地及世界各地的學生修讀VTC的課程，又不時邀請客席專家和學者來港向學生講課，豐富他們的學習體驗。與此同時，我們的學生和教職員也藉進修和交流啟發新思維，拓闊視野。

我們提供一系列獎學金，為學生締造良機，助他們邁向成功。學生亦在國際比賽中大放異彩，體現技能對社會可持續發展的價值和重要性。

Interactive Learning Environment

We proactively develop programmes in emerging industry sectors from innovative technology to multi-media, and upgrade the campuses with smart facilities to better serve the training needs and equip students with professional knowledge and applied skills.

Our THEi campus in Chai Wan incorporates eco-friendly elements with modernity, creating a sustainable and interactive learning environment for students.

VTC's expertise in culinary training has taken on a global perspective. International Culinary Institute, Hotel and Tourism Institute and the highly acclaimed Chinese Culinary Institute are clustered together in Pokfulam. This proximity and shared area of interest make for creative collaborations at both staff and student level across these member institutions.

互動學習環境

配合新興行業的發展，我們積極策劃創新科技以至多媒體等相關領域的課程，並優化智慧校園設施，以切合培訓需要，助學生更有效掌握專業知識和應用技能。

THEi高科院位於柴灣的校舍糅合環保與現代化的元素，為學生建構一個可持續發展及具互動特色的學習環境。

VTC在廚藝訓練的優勢，進一步延伸至國際領域。國際廚藝學院與酒店及旅遊學院以及廣受讚譽的中華廚藝學院毗連，發揮協同效應。學院之間相輔相成，緊密連繫，帶動教職員與學生一同迸發創意。

Opportunities • Action • Success

VTC is a place where students can find pathways to opportunities. Our quality vocational and professional education and training programmes empower students to connect with the world of work. We cater for the diverse interests and aptitudes of students of all ages and abilities; equip them with necessary knowledge, skills and attitude that they can put into action and succeed.

良機 • 實幹 • 成功

VTC為學生開啟機會之門，透過提供優質職業專才教育課程，啟導學生迎向世界人力市場。我們為不同年齡、能力及興趣的學生，裝備實用知識和技能，並培養良好的態度，引領他們踏上康莊大道。
